

NEW PLANS OF WAR MACHINE

PLAN TO DISTRIBUTE SOLDIERS SO THAT EACH STATE WILL TAKE AN INTEREST IN ITS OWN MEN.

By the Associated Press

WASHINGTON, Feb. 6.—To stimulate regular army recruiting and arouse local interest, the war department has issued to all recruiting officers over the country a schedule for allocation of recruits by states to specific regiments. Through this method of distribution, officials believe each state will take a personal interest in the regiment to which its men are assigned.

The framework of a divisional organization on geographic lines is also set up. New England will make up one division, New York compose another, and similarly the whole country is covered.

Infantry and field artillery regiments are to be so allocated as to best identify each regiment with a separate state, according to the plan. Where the number of regiments is greater or less than the number of states comprising the divisional area, a regiment may be made up of recruits from one or more states.

The regiments to which recruits from each state will go are as follows:

Infantry recruits from Maine, New Hampshire, Vermont and Rhode Island will go to the 13th Infantry, Hoboken, N. J.; from Massachusetts to the 36th at Camp Devens; from Connecticut to the 43rd at Camp Lee, Va. Field artillery recruits from the six states will go to the 1st Field Artillery at Fort Sill, Okla.; coast artillery to the 42nd Coast Artillery, Camp Eustis, Va.; Cavalry to the 3rd at Fort Ethan Allen, Vt. From Arkansas, Louisiana and Missouri the infantry, engineers and field artillery will join regiments of the 3rd division at Camp Pike; coast artillery, the 43rd regiment at Camp Eustis, Va.; cavalry, the 1st regiment at Douglas, Ariz.

New York state infantrymen, outside of New York City, will go to the 22nd, Governor's Island, and the 63rd, Madison Barracks; field artillery to the 12th, Camp Travis, Tex.; all New York state coast artillery to the 52nd, Camp Eustis, Va.; and all the cavalry to the 13th, Fort Clarke, Tex. New York City infantry will go to the 41st and 42nd, Camp Upton, and field artillery to the 76th, Camp Pike, Ark., and 9th, Fort Sill, Okla.

South Carolina, Florida, Mississippi, Georgia and Alabama infantry will go to the 5th division regiments, Camp Gordon; field artillery to the 20th and 21, Camp Barry; Engineers to the 56th, Camp Jackson, S. C.; and cavalry to the 6th, Fort Oglethorpe, Ga.

Oklahoma infantry will be sent to the 9th and 23rd, Camp Travis, Texas; Texas infantry to the 37th and 38th, Eagle Pass; field artillery from these states to the 15th and 17th, Camp Travis; engineers to 2nd; and cavalry to 14th, Fort Sam Houston.

Infantry from Pennsylvania will join the 46th and 48th regiments, Camp Jackson, S. C.; 12th, Camp Meade, Md.; and 29th, Camp Benning, Ga.; from New Jersey to 45th and 57th, Camp Dix, N. J.; coast artillery from both states to 44th, Camp Jackson; cavalry to 8th, Ft. Bliss, Texas; Pennsylvania field artillery to 83rd and 81st, Camp Knox, Ky.; New Jersey, 2nd, Camp Taylor, Ky.

Virginia infantry recruits will be sent to the 62nd regiment, Camp Lee, Va.; Maryland, Delaware and District of Columbia to the 17th, Camp Meade, Md.; field artillery from these three states and the district to 19th, Camp Bragg, N. C.; coast artillery, 33rd, Camp Eustis, Va.; and cavalry, 12th, Columbus, New Mex.

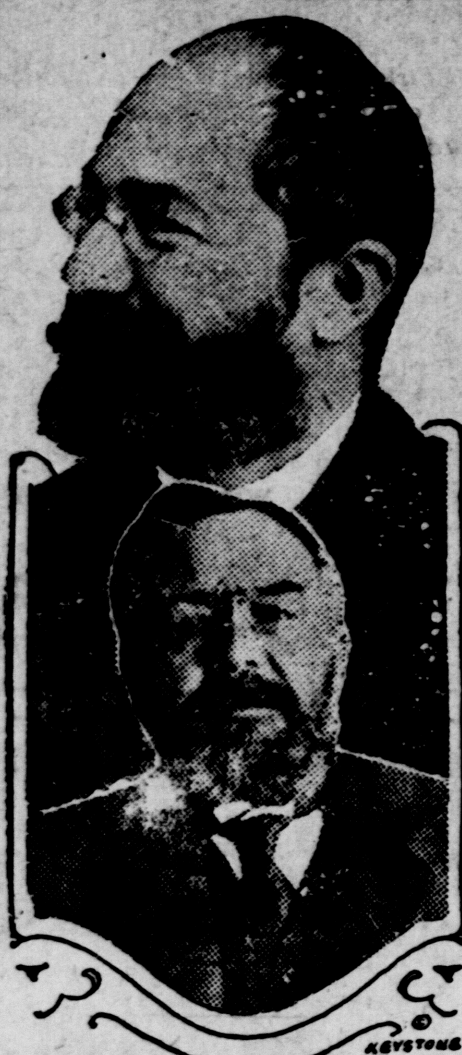

Infantry, field artillery and engineer recruits from North Carolina, Tennessee, West Virginia and Kentucky will join regiments of the 1st division, Camp Taylor, Ky.; coast artillery to 51st, Camp Jackson, S. C.; and cavalry to 5th, Marfa, Texas.

Ohio infantry will go to the 40th and 2nd regiments at Camp Sherman; field artillery to 14th, Fort Sill, Okla., and 7th, Camp Taylor, Ky.; and cavalry to 7th, Ft. Bliss.

From Iowa and Wisconsin the infantry, field artillery and engineers will join regiments of the 4th division, Camp Dodge, Iowa. Iowa coast artillery will go to the 59th, Camp Lewis, Wash.

Edouard and Andre Michelin, brothers and noted French tire manufacturers, have offered a prize of \$100,000 to the first person who invents an airplane which will rise from the ground vertically and land the same way. Peter Cooper Hewitt, American inventor, has constructed a plane which he believes will fill the conditions.

Kansas, Minnesota, and Nebraska will go to the 7th division at Camp Funston, Kans.; cavalry to 2nd, Ft. Riley, Kansas.

Michigan infantry will join the 14th and 10th regiments, Camp Custer, Mich.; field artillery, 77th, at Camp Dodge, Iowa; coast artillery 59th, Camp Lewis, Wash.; and cavalry, Fort Ringgold, Tex.

Indiana infantry will be sent to the 20th and 49th, Fort Benjamin Harrison, Ind.; Fort Snelling, Minn.; and Fort Leavenworth, Kans.; field artillery, 8th, Camp Funston, Kans.; coast artillery, 59th, Camp Lewis, Wash.; and cavalry, 4th, Fort Ringgold, Texas.

Illinois infantry, field artillery and engineers will be distributed among 6th division regiments at Camp Grant, Ill.; coast artillery, 59th, Camp Lewis, Wash.; and cavalry, 16th, Brownsville, Tex.

Infantry and coast artillery recruits from Oregon, Idaho and Montana go to the 35th and 57th regiments, Camp Lewis, Wash.; engineers to 8th, El Paso, or Fort Bliss, and cavalry to 16th, Brownsville, Tex. Oregon and Montana field artillery, 78th, Camp Grant, Ill.; and Idaho to 4th, Camp Stanley, Tex.

Infantry and coast artillery recruits from Washington will go to the 1st and 57th, Camp Lewis, Wash.; field artillery to 78th, Camp Grant, Ill.; engineers, 8th, El Paso, or Fort Bliss; cavalry, 15th, Fort D. A. Russell, Wyo.

North Dakota, South Dakota and Wyoming infantry go to the 21st, Fort Wright, Wash.; engineers to 5th, El Paso or Fort Bliss; and cavalry to 15th, Fort D. A. Russell, Wyo. Field artillery from North and South Dakota will go to the 78th, Camp Grant, Ill.; coast artillery, 57th, Camp Lewis, Wash. Wyoming field artillery to 4th, Camp Stanley, Tex.; coast artillery, 55th, Camp Lewis, Wash.

Infantry from Colorado, New Mexico and Arizona to 19th regiment, Douglas, Ariz.; coast artillery to 55th, Camp Lewis, Wash.; engineers to 9th, Fort Bliss, Tex.; cavalry, 11th, Monterey, Calif.; field artillery from New Mexico and Arizona, 82nd, Fort Bliss, Texas; from Colorado, 4th, Camp Stanley, Tex.

Nevada, Utah and California infantry go to the 32nd, Camp Kearney, Calif.; coast artillery to 55th, Camp Lewis, Wash.; engineers to 9th, Fort Bliss, Texas; and cavalry, Monterey, Calif. Field artillery from California and Nevada will go to the 82nd, Fort Bliss, Texas. Some of the California infantry recruits also will be stationed at the Presidio, San Francisco.

NEGLECTING THAT COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

It's natural you don't want to be careless and let that old cold or cough drag on or that new attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, gripe, croup does not resist this standard reliever very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 60c. and \$1.20 a bottle at all druggists. Give it a trial.

LANDING FIELDS FOR AIRPLANES

CHAIN OF FIELDS TO BE ESTABLISHED IN VARIOUS PARTS OF THE UNITED STATES AT ONCE

By the Associated Press

NEW YORK, Feb. 6.—Plans for the establishment of a chain of airplane landing fields have been worked out by officers of the Army Air Service and the Manufacturers' Aircraft Association, it was announced here today. Army fliers have covered more than 300,000 miles in an aerial survey of the country and made exhaustive reports on the facilities offered to cross-country fliers.

Representatives of 32 large Southern cities already have been invited to establish landing fields under army direction. Many others will receive like invitations during the next few months. These must be laid out according to specifications

given by the army and in return the government gives steel hangars to the municipalities. Operation of the "air harbor" is assumed by the municipality. Since the armistice the number of army fields has been reduced from 50 to 16 and the naval air stations from 17 to 9.

"The landing field," says the aircraft association, "is to the airplane what the harbor is to the ocean liner and the railroad terminal is to the train. It is not merely a flat piece of land on which a flyer can bring his craft to earth. Such a piece of ground bears the same relation to a real landing field as an unimproved water inlet bears to a harbor like New York or Liverpool."

"A landing field should have, first of all, dimensions which fit it to handle all forms of aircraft. It should be drained so as to permit its use even in the wettest weather. It should have shelter and supplies for fliers and their crafts and should be accessible to the trade center it is meant to serve. This feature is of supreme importance because commercial aerial navigation will develop only in proportion to its commercial value. The field should be identified with markings visible from great heights and with radio apparatus so that fliers may be aided in finding their way in

spite of the fog or failure to identify the country over which they are passing.

"Fields at frequent intervals mean that cross country fliers can come to the earth for rest, replenishment of supplies and adjustment to their machines without inconvenience or unnecessary delay. In the event of a mishap in the air, such as a stalled motor, the nearby landing field permits the pilot to glide to it without damage to the machine or to himself."

Sunday is a Day of Rest Flowers Sold—Orders Taken

Beginning next SUNDAY, FEBRUARY 8, we shall under no circumstances take orders for or deliver flowers for any kind of an occasion except funerals. SUNDAY IS A DAY OF REST, and we feel that our employees are entitled to at least a half days rest. We feel that the citizens of the town will keep this in mind and not attempt to order flowers except where there is a death.

At all other times we are anxious and ready for business, and have made some improvements which mean BETTER SERVICE TO YOU—BETTER FLOWERS AND GREATER USEFULNESS.

The New Suits

The salient feature of the Suit Styles for Spring is the length of the jacket, with the shorter length dominant. Our displays include several types which introduce coats with belts and ripple pleats, or jackets of the Eton and pony types with trimming of close-set rows of buttons on sleeves and at the sides, or with braid and embroidery effectively used. Several models show vestees of broadened or novelty silks. Suit skirts are somewhat shorter and can be either pleated or plain. Polka dot, tricot, serge and gabardine are the principal fabrics in rich dark colorings.

\$29.50 to \$75.00

The New Coats

Our displays include interesting interpretations of both the utility coats and sport coats of shorter length, with a plentiful showing of belted models, in both types. Many of the luxurious cloth fabrics of winter have been reproduced in lighter weight for Spring such as silvertone, velour, and novelty wool fabrics. Some very exclusive styles have made their appearance in tricot, serge, polka dot and polo cloth. Indeed the latest whimsies of fashion are adapted in these garments. All show an excellence in tailoring.

\$19.50 to \$49.50

The New Dresses

Every Spring occasion, every individual taste and requirement are happily remembered in this assemblage of new frocks. The straight line type is still popular with the addition, this season, of the more fitted lines as shown in several of our afternoon and evening dresses. The fuller hip line is noted in many delightful variations by the clever use of pleatings and ruffings, or by the effective draping of materials. Waists are fitted and skirts are shorter and fuller—with much thought given to individuality in styles. Several frocks are shown in the ever-popular crepe Georgette and satins richly embroidered.

THE ROAD TO ALLEN

The efforts of the county commissioners to build roads in Pontotoc County upon which it is possible to travel are to be commended, and they should have the support of every patriotic citizen in their endeavors.

The securing of the convict camp was a wise move and one that will prove profitable. The thing to do now is to get all we possibly can for our money, and work on the roads that will prove the greatest advantage to the whole people of the county.

Without any reference whatever to any of the other roads being worked upon, or any in contemplation by the commissioners, every one who gives the matter a moment's thought will agree that the road from Ada to Allen should be put in shape by all means.

Allen seems destined in the very near future to be an oil town of no small proportions, and the Allen field is destined to be one of the big ones of this section. This being true it is nothing short of shameful that we do not have a highway between the two places that will permit of traffic and easy access.

The people of Allen have always been friendly to Ada and have always shown a disposition to co-operate with us in every way. Then, too, if we had a road that could be used to any degree of satisfaction, the Allen community would very soon prove one of the very best feeders for this city.

In view of these facts would it not be the part of wisdom to get the convicts to work on the road to Allen, regardless of what we are able to accomplish in other directions?

UNSEATING SOCIALISTS

The second denial of a seat in the House of Representatives to Victor Berger, a defiant disloyalist, should be and will be practically universally approved, but as to the unseating of five Socialist members of the New York legislature by an almost unanimous vote of Republican and Democratic members there is room for a difference of opinion. It is obvious that the five men should not have been unseated merely because they are Socialists. The justice of the action depends on whether it is true, as charged, that the five Socialists openly affiliated with Bolsheviks and supported the latter in their plans to subvert our government by violent methods.

American Socialism brought suspicion on itself by the unpatriotic attitude of its national conventions during the war. This suspicion has been deepened by the affiliation of individual Socialists with a violently seditious Bolshevism. It is well to remember, however, that Socialism itself, or the pre-war brand, advocated new governmental policies by peaceable means only, in the form of arguments, circulated literature and political party campaigns. Such Socialism is legitimate and has long been so regarded both in this country and in Europe, where Socialist parties have attained large proportions and regularly sent their representatives into the national forums. It must be recognized, however, that if legitimate Socialism wishes to survive it will have to clear its skirts and stand distinctly apart from seditious Bolshevism.

Fears of the railway unions that certain railroads contemplate wage reductions when they resume operation of their lines, are probably groundless. Wages are not apt to remain at their present high level indefinitely or forever, but there is nothing in the immediate future outlook which makes reduction seem probable. Certainly such reductions will not come until greater production has made lower prices possible, and wages, after all, must be measured by what they will buy, rather than by mere figures.—Oklahoma City Times.

It was supposed that prohibition would have a more than dampening effect on after-dinner oratory, but those who counted on such a compensation have been disappointed. "Dry" banquets are as numerous as were the "wet" and even more vocal. And so, says Dr. Dooley, "the only way ye can prevent an after-dinner orator from oratin' afther dinner is to strangle him."

If Campbell Russel's cat has nine lives it may survive, but it lost at least eight of the nine at the Muskogee Convention.

Besides having the Flu epidemic to contend with the state of Oklahoma, to its sorrow, also has Campbell Russell.

State Educator In Ada Talks of School Matters

Hon. A. H. Burris, member of the state board of education, is in Ada today in the interest of the East Central Normal. He is threatened with an attack of influenza and is staying closely at the hotel.

When interviewed by a News reporter this morning, Mr. Burris spoke favorably for the East Central Normal and the outlook for the future. He says the district which this school serves is one of the best of the state and will soon probably be the best from a standpoint of population and wealth.

The matter of teachers' salaries has been worrying the members of the board for some time, as sufficient appropriations have not been made to take care of the necessary increase in salaries as a result of the increased cost of living. At the end of the year, the money which was appropriated for incidentals and remains unused will probably be apportioned among the members of the faculties of each of the Normal Schools. Just how much this will be, Mr. Burris does not know, and there will not be the same in each school. The increase of 20 per cent in the salaries will be continued for another year.

Mr. Burris thinks it possible that, in case a special session of the legislature is called, some provision will be made to take care of the teachers in the state schools.

The action of the board of education in deciding to raise the standards of the Normals to teachers' colleges was final, Mr. Burris is certain. Already preparations are under way for putting the college work into effect. The governor is in thorough accord with the idea, and there is no reason why college work will not be done at the beginning of the next year, Sept. 1.

The work of preparing the course of study is already under way. The committee at work on this consists of the six normal school presidents, Superintendent of Schools Montgomery of Chickasha, and Mr. Burris. The colleges will require at least nine months' residence work for a degree and the first degree will probably be conferred in the spring of 1921. It is expected that the courses will be so arranged that the colleges may become members of the North Central Association of Colleges, thereby enabling any graduate to do graduate work in any of the standard universities in the country. The committee will take what is best from the other similar teachers' colleges in the United States.

Mr. Burris was formerly superintendent of the schools at Watonga and was one of the best known executives in the state. At the first of this year he gave up the work to go into the insurance business. He is still a school man heart and soul and is doing everything in his power to raise the state schools to higher grades. This is his first trip to Ada, but he assures the citizens that he will come often hereafter.

School Teachers Organize

We read in the Ada Evening News that the school teachers of Ada have unionized themselves into an organization known as the Public School Teachers Cooperative Association of Ada. Now remember, this is an organization of our supposedly best educated citizens. They went on record as opposed to unionism and at the same time they were perfecting a union and did not know it. Now if they are so ignorant that they do not know when they are not fit parties to have to train our children, and if they did know that they were organizing themselves into a union and were too cowardly to come out openly and announce that they had formed a union, for fear that they might make the thousand dollar capitalists of Ada mad, then they are much less fit to train our children.

We are in favor of the teachers of Ada organizing, and have for a long time wanted and hoped that they would, but selfish interests should not dominate such organization. The aim and intention of all labor organizations is to better the condition of all labor of whatever character, not merely to better the condition of a few.

The teachers should have a reasonable wage, and when we say reasonable wage, we do not mean a mere living, but they should be able from their salary to put by something every year towards old age, also they should be able during vacation time to further qualify themselves so that they will be better able to perform their duties, and therefore better qualified to command their salaries.

Ralph Ince as "Abraham in Lincoln"

Once more will Abraham Lincoln live for us on the stage, or rather on the screen, Ralph Ince, who made himself famous as the martyred president in the title role of "Abraham Lincoln" when it was produced on the stage will again play the part. He appeared in that role for eight years on the legitimate stage and now he is to play the same part in "The Land of Opportunity."

This picture is the first production made at the suggestion of Secretary of the Interior Lane. It is an Americanization photoplay produced by Lewis J. Selznick. Mr. Selznick is chairman of the committee chosen to follow up the Americanization work of the motion picture industry and the pictures made under his supervision will doubtless find a permanent place in educational circles.

The photograph shows Ince in his Lincoln make-up.

At Last, He Cuts His Hair

A sequel to the controversy between Fox Film Corporation and Henry Francis Segrid Koser was reached when the latter, minus his long hair and with trimmed beard appeared in "The Strongest," the Fox feature written by Georges Clemenceau. The affair which had been carried to the courts concerned itself with a contract stipulating that Koser should not cut his hair for one year. Fox won the case, but when Koser's reason for desiring the needed haircut was learned—the return from Europe of his fiancée, who would not be pleased with his hirsute appearance, the film company allowed him to visit his barber.

Wheat Farmers Meet New Brand of Grief In the Way of Taxes

TOPEKA, Kans., Feb. 6.—Wheat farmers of central and western Kansas complain, in communications to J. C. Mohler, secretary of the state board of agriculture, that the difficulties they have experienced in marketing their 1919 wheat crop is about to be augmented by a new brand of grief—having to pay taxes on the large quantities of grain they are unable to market because of the car shortage. Under the state laws property owners are taxed for property in their possession on March 1. There appears to be no recourse for the farmer who still has wheat stored on his farm, or owned by him and stored in an elevator, except to pay taxes on the grain, despite the fact that a large per cent of the farmers own money at the bank which they would pay off if they could market their wheat. Under these conditions the farmer is confronted with the necessity of continuing to pay interest on his loans and also taxes on the grain which would cancel his debts could he sell it.

At a recent conference between Gov. H. J. Allen and railroad officials here, it was reported that there still is 63,000,000 bushels of the 1919 wheat crop unmarketed. The railroad administration officials have informed Governor Allen that no assurances can be given that cars will be available any time soon for the removal of this stored up wheat. The amount is 38,000,000 bushels more than were on hand unmarketed a year ago, it was stated. Appeals from farmers and grain dealers for cars continue to pour into the office of the governor daily.

DEMOCRATIC CONVENTION WAS ONE OF HARMONY

(Continued from Page One.)

Catholic church by republicans in the contest between J. J. McGraw and Jake Hamon for republican national committeeman. Tom Wade, retiring committeeman nominated his successor, George Bowman, in a generous and cordial address. Wade said he did not wish to stand again for a position that by precedent had been passed around in Oklahoma every four years. Senator Owen called attention to the fact that the head of the Roman Catholic church recognizes the sovereignty of the state, "thus destroying the last prop of autocracy." At another point he declared there is no place in this country for religious intolerance.

Pat Malloy Absent. Pat Malloy of Tulsa, himself a Catholic and a democratic party leader, was unable to attend because of sickness, but sent a message in which he paid his respects to the republicans and put the convention wild in a demonstration that lasted fully five minutes.

The following delegates at large were elected by the convention: Governor Robertson, Tom Wade of Marlow, Ben Lafayette of Checotah and Mrs. D. A. McDougal of Sapulpa.

Following is a list of the delegates to the national convention elected by the districts in caucuses:

First district: Howard Weber, Bartlesville, and Mrs. Usher Carson of Miami.

Second district: W. H. Harrower, Muskogee, J. A. Jarman, Salina.

Third district: H. E. Brown of Ardmore, Will Utterback of Durant.

Fourth district: Tom Anglin of Holdenville, John W. Jones of Shawnee.

Fifth district: C. B. Ames of Oklahoma City, Paul Winterstein of Stillwater.

Sixth district: Mrs. F. L. Rhodes of El Reno, D. W. Boyers of Walters.

Seventh district: Charles Penn of Weatherford, A. J. S. Shaw of Altus.

Eighth district: Mrs. Frank Lucas of Ponca City, Judge R. L. Lufborough of Beaver.

Sympathy for Martyr. Judge Abernathy of Shawnee moved that the convention pass a resolution of sympathy for Miss Aloysius Larch Miller who died Sunday at Shawnee, "a martyr to woman suffrage." The convention passed the resolution by a unanimous rising vote. Miss Larch-Miller fought Attorney General Freeling in a con-

vention at Shawnee last Saturday. She left her sick bed to do it, suffering a relapse afterward which resulted in death.

A plan to double the state central committee and immediately put a woman member on the committee from every county in the state was killed this morning when the committee met. The decision of the committee was that the state committee is elected and the plan fixed by law and that therefore the power does not legally exist to enlarge the committee now.

The Governor Yields.

It was decided to give the women every opportunity to have equal representation on the state committee when the present term of the committee ends in 1922. The committee did recommend to Chairman Lafayette that he give the women full representation in precinct and county organizations and split the membership of the various campaign committees up with the women. The state committee passed resolutions endorsing Governor Robertson's administration and criticizing those who do not work in harmony with him. The resolutions as read named Campbell Russell but the committee voted that particular paragraph down.

Discussing the forthcoming special session with Governor Robertson tonight the state executive said that inasmuch as Senator Owen and the women and the state convention wanted it, he would hold out no longer. The governor in yielding today said he would do it if Senator Owen thought it best and the convention took the same attitude. He said the session will be called to order within thirty days.

CZECHO-SLOVAK PARLIAMENT FACES ARDUOUS TASK

The parliament in session

The parliament of the war-born Czechoslovakian republic has had to deal with a host of vital subjects since the nation's inception. The peril of Bolshevism, the country's attitude toward the other

smaller nations and other issues had to be worked out. This interesting photo of the parliament in session shows "Speaker" Traus Tomasek, standing, addressing the assembly. He is a social democrat.

Facing the camera in the background are the social democrats, at left, and national socialists. The national democrats are in the foreground, facing the speaker's platform.

BOLSHEVIKS TEAR UP THE RAILROADS

WILL TAKE TWO YEARS TO REPAIR DAMAGE ON THE TRANS-SIBERIAN RAILWAY LINE

By the Associated Press
SHANGHAI, Feb. 5.—Bolshevik sympathizers in Siberia have so torn up rails and ties along the Amur line of the Trans-Siberian Railway that it will take two years to repair it, according to Colonel J. L. Lantry of the American Railway Mission to Siberia who came to Shanghai early in the winter on his way home to America. That par-

ticular section of the railway, he said, had been under the care of the Japanese.
"What will happen in Siberia this winter," said Colonel Lantry, "is terrible to contemplate. Thousands and thousands of people there are going to die of privation. They have worn their only suits of clothing all summer and they have nothing more."
"In spite of all that the American Red Cross is doing there, and it is a tremendous work," he added, "uncounted numbers will perish from cold and hunger. There is no warm clothing, no footwear and very, very little food."

Colonel Lantry, next to Colonel Emerson, has been in charge of the actual operating work attempted by the American railway experts. He has ended his work in Russia. Formerly he was first assistant to the vice president of the Northern Pacific Railway.

Colonel Lantry said the Americans had made little improvement

of the Siberian lines, due to the many difficulties encountered.

"Semenoff, the Cossack leader under Admiral Kolchak, who guarded part of the railway in the Chita district," Colonel Lantry said, "has been one of the many obstacles." General Semenoff has since been appointed Commander-in-Chief of the All-Russian armies.

"When I was on my way to Shanghai," Colonel Lantry added, "I passed through Andrianovka, 200 miles west of the Manchurian border and I learned that just a few days before General Semenoff had ordered the executions of 340 persons in that little town in a single day."

Colonel Lantry expressed the greatest admiration for the Russian railway workman.

"They have been entirely loyal," he declared, "working for three or four months without pay, riding on tops of trains in bitter weather with never a caboose for shelter, poorly clad and taking trains daily through

regions marked by frequent wrecks and derailments caused by a hostile peasantry. Through it all the Russian railroader has done his work. With the right kind of cooperation," Colonel Lantry declared, "the American Railway Corps, working with these men could have rehabilitated the railway and made it a marvel of efficiency."

Colonel Lantry said he had found the shelves of the stores in the larger centers he had visited recently loaded down with Japanese goods. "I would not have been able to buy a single unused article manufactured by any other nation," he said.

IS THIS NOT CHIC FOR THE NEW SUIT?

This navy blue serge suit with its Spanish touches shown in the cunning little bolero jacket and the brilliant hip sash is decidedly youthful in its appeal. It is in one of the advanced showings of new spring styles and will undoubtedly be a popular model. It features a full skirt with clusters of pleats at marked intervals.

Jack Sharkey.

By NORMAN E. BROWN.

Fate played the cards just right for Jack Sharkey, New York bantamweight, when he was selected as the first opponent of Jimmy Wilde, English flyweight champ, on Jimmy's arrival in this country. It was Sharkey's golden opportunity. Jack had been boxing for about five years, meeting many good boys, but failing to break through the crust into the main spotlight of the ring. When he was signed as a "trial horse" for Wilde by Milwaukee promoters some folk thought that Jack would lose what prestige and drawing power he had—especially if the diminutive Wilde knocked him cold.
Sharkey took a chance and the critics agreed that he gave the Britisher a good drubbing—leaving no real good alibis for Jim. As a result of the bout Sharkey is getting man-sized purses for bouts now and is in

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for and note the effect. 10c and 25c.

great demand as "the boy who beat Wilde."

Sharkey got \$2,000 for his bout with Wilde, a big amount for him, but the offers flashed to him for fights right after that battle were for purses around \$5,000. Sharkey stuck out for bigger offers for a while, but finally decided to take the ones made.

Jack has fought five or six no-decision battles with Pal Moore. Sharkey has fought a six-round no-decision bout with Pete Herman after Pete won the title. The Sharkey-Herman bout was in Philadelphia September 2, 1918. He boxed a ten-round affair with the veteran Johnny Coulon in New York in 1917. Young Zulu Kid, Joe Lynch and Frankie Burns are some of the other good boys Sharkey tackled and held his own with.

Two Furniture Stores Consolidate

I wish to announce that at an early date I am going to move my Furniture store, now in operation at 126 W. Main St., and locate it with my big store in the Pontotoc building. This move is necessitated because of the fact that the building in which my second store is located can no longer be secured by me, and also I desire to make one big establishment—one which you may be proud of. This consolidation, together with the big stock which is arriving daily, will enable the people of this section to secure Furniture to suit every taste.

New Goods Arriving Daily
Three Cars Already Here

Our buyer has returned from the Eastern markets where he purchased the best merchandise money could buy. Already the stock is arriving and we have just completed unloading the third car. More goods are expected daily. This stock includes all kinds of living room and dining room furniture, kitchen goods, stoves, etc., in fact everything needed to furnish a house throughout.

Our Main Building Will Be
for Display Use

Our large building, the Pontotoc building, will be used for displaying Furniture exclusively. Heretofore a part of this floor space was used for storing, but with the completion of our warehouse which is now under construction, the entire building will house our Furniture to be displayed. This will make one of the largest Furniture stores in Oklahoma, one comparable with those in much larger cities.

Maintain Second Hand Business

For those who wish to buy or exchange second-hand goods will say that we will maintain our second hand department for you. This will be run in the manner as before, and we will be pleased to serve you in this capacity.

Monthly Payments

The easy payment plan will be continued for those who desire to purchase in this way. In event you have bought goods at the store on West Main on this method, further payments and transactions shall be made here.

Big Store When Completed

When the many added features are completed and the full buy of goods are received this store will be one worthy of visitation. We would be pleased to have you visit us and be shown this big volume of Furniture. It will come up to your fondest expectations and you will agree with us when we say it is an immense stock.

HUNGARIAN HAS SMOOTH KIDNAPPING SCHEME

By the Associated Press
VIENNA, Feb. 5.—Kischaud Bleisch, the man who is said to have engineered the kidnapping of the Hungarian terrorist, Schon, who was in refuge here, is charged by the police with having by the same means returned six other Hungarian Communists to Budapest. Bleisch opened a garage and one for him. It is a short motor drive to the frontier and, after getting their confidence, he would propose a trip to a hotel for a good time. Then Bleisch would drive to the frontier where the gendarmes were waiting.

Notice to Property Owners and Sewer Contractors

Sealed bids will be received at the office of the City Clerk and Commissioner of Accounting and Finance of the City of Ada, Oklahoma, up to 3:00 p. m., on the 17th day of February, 1920, for the construction of sanitary sewer lines in Sewer Districts Nos. 8, 9 and 10 in the City of Ada, Oklahoma, bounded by the outside lines of the following described property:

Sewer District No. 8.
All of Blocks 7, 8, 9, 13, and 14 in Dag's Addition.
Sewer District No. 9
All of Blocks 32, 33, 34, 35, 36, 42, 43, 56, 57, 58, 59, 65, 75, 76 and 86 in original townsite.
Sewer District No. 10
All of Blocks 2, 3, 4, 5, and 6 in Capitol Hill Addition, and all of Blocks D, E and F in Sunrise Addition.

All of the above said lots, blocks and tracts of land being within the corporate limits of the city of Ada, Pontotoc County, Oklahoma, together with the necessary lines across

streets, avenues and alleys and such connections with the water mains in said city of Ada, Oklahoma, as shown by the plans prepared for such sanitary sewer districts, same being fully described and defined in Ordinance Nos. 433, 434 and 435 creating Sewer Districts Nos. 8, 9 and 10 respectively, passed by the Board of Commissioners on the 25th day of November, 1919, and approved by the Mayor and Commissioner of Public Justice and Safety, and attested by the City Clerk and Commissioner of Accounting and Finance on the 25th day of November, 1919, and in the plans, profiles and specifications prepared by Johnson & Benham, Consulting Engineers, Kansas City, Mo., said plans, specifications and estimates being adopted by the Board of Commissioners and now on file in the office of the City Clerk and Commissioner of Accounting and Finance.

Bids must be made out on proposal sheets to be furnished by the City. Each bid must be accompanied by a certified check in amounts of Two Hundred Dollars (\$200.00) for Sewer District No. 8, Five Hundred Dollars, (\$500.00) for Sewer District No. 9 and Five Hundred Dollars (\$500.00) for Sewer District No. 10, as a guarantee of good faith on the part of the bidder. The check of the successful bidder to be forfeited to the City as admitted liquidated damages in case of failure, on the part of the bidder, to enter into contract and furnish the required bonds with the ten (10) days after the acceptance of his proposal. Certified checks shall be made payable to the City Clerk of the City of Ada, Oklahoma, and to have no other endorsements or conditions thereon. Bids shall be submitted separately on each district and will be separately considered by the Board of Commissioners.

The successful bidder will be required to furnish a Statutory Lien Bond in full amount of the contract with surety to be approved by the Board of Commissioners, said bonds to guarantee that the Contractor or Contractors will pay all accounts for material, machinery rental and labor that may become due on account of his or their operations under this contract. Said bonds after being approved by the Board of Commissioners shall be filed with the Clerk of the District Court. The successful bidder or bidders will be required to furnish surety construction bond in approximately the full amount of the contract conditioned for the full and faithful performance by him or them of all the covenants and agreements made in his or their contract, and on the fulfillment by him of all terms and conditions of the plans and specifications.

The successful bidder or bidders will be required to furnish surety bonds in amounts of Four Hundred Dollars (\$400.00), One Thousand Dollars (\$1,000.00) and One Thousand Dollars (\$1,000.00) for Sewer Districts Nos. 8, 9 and 10 respectively, conditioned for the maintenance by him or them in good repair of all work done under the contract. Said bonds shall be dated when the contracts have been completed and accepted and shall be in force and effect for a period of six (6) months from that date.

All bids will be opened and considered by the Board of Commissioners at a meeting to be held at 3:00 p. m. on the 17th day of February, 1920, and the contract will be awarded to the lowest and best bidder, providing said bids are below the estimate as required by the City Charter, the Board of Commissioners reserving the right to reject any and all bids and to re-advertise for bids in case none of the bids received are satisfactory.

Each bidder shall accompany his bid with a sworn statement as required by Section 1, Article IX of the Charter of the City of Ada, Oklahoma. All bids are required to be placed on file in the office of the City Clerk for inspection for two (2) days after opening before award or rejection of bids can be made. Any and all parties interested are hereby notified that they may appear and protest against or object to said improvements or any part thereof or any matter or thing in relation thereto at said meeting of the Board of Commissioners on the 17th day of February, 1920, and protests must be made on each district separately.

Plans and specifications are on file in the office of the City Clerk and Commissioner of Accounting and Finance of the City of Ada, Oklahoma, and can be procured upon

payment of Ten Dollars (\$10) at the office of Johnson & Benham, Consulting Engineers, 8th Floor Firestone Building, Kansas City, Mo. Upon the return in good condition of all plans and specifications a refund of Five Dollars (\$5.00) will be made.

Signed this 29th day of January, 1920.

W. B. JONES
City Clerk and Commissioner of Accounting and Finance (Seal) 2-2-10td.

NOTICE TO CONTRACTORS
Notice is hereby given that the City of Ada, Oklahoma, acting through its Board of Commissioners, will receive sealed bids up to 3:00 P. M. on the 17 day of February, 1920, for the construction of water works and sewer extensions, as per plans and specifications prepared by Johnson & Benham, Consulting Engineers, 8th Floor Firestone Building, Kansas City, Mo., adopted by the Board of Commissioners and now on file in the office of the City Clerk. The work will consist of the following:

SECTION A. Reinforced concrete storage reservoir, 2,000,000 gallons capacity, and pumping station. The City has contracted for all pumping machinery and electrical apparatus for the pumping station. The Contractor will build foundations for machinery in connection with this work.

SECTION B. Housing over Byrd's Mill Spring, levee and protection work for present reinforced concrete penstock and tailrace.

SECTION C. Laying of system of distributing water mains in the City, taking up and lowering of certain water mains, supply line connecting present steel supply line to proposed reservoir, force line from proposed reservoir to connection with city mains, setting of valves, hydrants, etc. The City has purchased all cast iron pipe, fittings, hydrants, valves and valve boxes and Contractor will bid for installation only.

SECTION D. Main and sanitary outfall sewers and storm sewers.

SECTION E. Sewage disposal plant, complete, including Imhoff tank, sludge and contact beds.

SECTION F. Unloading, hauling and distributing cast iron pipe, fittings, hydrants, valves, valve boxes, etc.

Each bid shall be accompanied by a certified check or satisfactory Bidder's Bond in the amount of ten percent (10 percent) of the total bid, made payable to the City of Ada, Oklahoma, as an evidence of good faith, to insure the signing of the contract and the filing of the Construction and Statutory Bonds.

Each bidder shall accompany his bid with a sworn statement in writing, as required in Section 1, Article IX of the Charter of the City of Ada, Oklahoma.

The successful bidder or bidders will be required to furnish Construction, Statutory and Maintenance Bonds as required in the specifications.

Bids received as aforesaid will be opened and considered by the Board of Commissioners on the date heretofore set out and all bids will remain on file for inspection for forty-eight (48) hours after opening before the award or rejection of same will be made.

All work will be paid for in cash on partial monthly estimates as the work progresses, out of funds from the sale of bonds heretofore voted, which funds are now available.

Plans and specifications can be examined in the office of the City Clerk in the City of Ada, Oklahoma, and may be procured upon the payment at the office of Johnson & Benham, Consulting Engineers, 8th Floor Firestone Building, Kansas City, Mo., of Ten Dollars (\$10.00) each for Sections A and C and Five Dollars (\$5.00) each for Sections B, D and E. Upon the return in good condition of all plans and specifications, a refund of fifty per cent (50 percent) of the charge will be made.

Dated this 29 day of January, 1920.

W. B. JONES,
City Clerk and Commissioner of Accounting and Finance
Johnson & Benham, Consulting Engineers, 8th Floor Firestone Building, Kansas City, Mo. 2-2-10td.

Irvin Cobb Will Entertain Ada People Tuesday

There are many people in Ada who have read stories and comic articles by Irvin S. Cobb. His humorous reports of the war front, his comic stories of his own adventures and his burlesque on the idiosyncrasies or the more serious poems Cobb one of the leading figures in modern literature. His writings may not be of the kind that will endure for all time, like the plays of Shakespeare or the more serious poems of Milton, but they have made glad the heart of many a reader, and after all this is one of the aims of a literator.

One physician in Ada said it would be worth the time and the admission price to hear Cobb tell his story, "Speaking of Operations." Others say it would be worth this much to hear him tell the story of his desire to get back to America where he could get a square meal, and still others would like to hear him tell of hunting grouse where each hen captured or killed cost him ten days in mastication and scores of dollars in real money.

When Cobb went on the lecture platform there were those who said he would be a failure, that writing humor in the sacred robes of his Hudson, Palisade, home, and standing before hundreds of people and entertaining them were entirely different things. But reports have it that Cobb is no less an entertainer with his mouth than with his typewriter.

Prof. Fentem, principal of the high school feels fortunate in being able to get for this season, Cobb, the prince of humorous writers, and Taft, the statesman of vision, who is bigger than partisan politics, to come to Ada. Cobb will be here next Tuesday evening.

Germany Denies That Governmental Crisis Exists at This Time

BERLIN, Feb. 5.—Premier Bauer's conference with party leaders will probably determine whether the national assembly will be called to consider the extradition situation. Persons well informed deny the existence of a governmental crisis and the present cabinet has unanimously endorsed the attitude of the former cabinet which is unaltered. This may be regarded as a symptom of the spirit in which the allied demands are being met; all prominent politicians condemning the allied demands.

WORTH ITS WEIGHT IN GOLD, HE ASSERTS

Howard Gains Fourteen Pounds Taking Tanlac and Lays Cane Aside.

"I've gained fourteen pounds in six weeks taking Tanlac and now I'm a well man," said Henry S. Howard, a well known farmer and stock raiser of King Hill, Idaho. "I had suffered from rheumatism and indigestion twelve years," he continued, "and could hardly eat a thing because everything went against me and I had no appetite. Every joint in me was swollen with rheumatism and hurt so I couldn't hardly work and had to use a walking stick to get along. The first bottle of Tanlac made a great change in my feelings, my rheumatism soon left me and I threw my stick aside, for now I can walk as well as anybody."

"And eat!—why, I just can't get enough and I feel like I could do as much work as I ever could. Tanlac is worth its weight in gold, and it has convinced me that there's at least one medicine that will do what they say it will—and I want to do my part in letting everybody know about it."

Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonehill by L. P. Carpenter, in Francis by Francis Drug Co., and in Roff by Dowdy's Pharmacy.

LABOR PLANS TO FIGHT ENEMIES

AMERICAN FEDERATION OF LABOR AGREES TO AGGRESSIVE CAMPAIGN AGAINST POLITICAL ENEMIES.

WASHINGTON, Feb. 6.—Plans for the most aggressive and general political campaign ever waged by the American Federation of Labor were formulated at a meeting today of general meetings composed of executive councils and heads of all departments of the federation.

It was said officially that the campaign to be conducted in connection with the general election in November not only would be aimed at members of congress but candidates for president, governor or any member of the state legislatures who are unfriendly to organized labor.

Every trade and craft affiliated with the federation will be called upon to take up the fight in every section of the country and to exert every possible effort to elect only such public officers as are favorable to the principles of organized labor. It was said that a vast army of organizers and workers would be recruited for the campaign.

Mrs. E. J. McFarland and daughter are both reported to have an attack of the flu.

The parents and sister of Mrs. A. B. Gremore left this morning for Dallas, where they will make their future home.

Mrs. S. P. Brady of Coalgate returned to her home this morning after visiting in the city, the guest of H. Lloyd and family.

Miss Dial, nurse at the hospital, is on the sick list today.

J. A. Barry was dismissed from the local hospital yesterday.

Lee Statler of the First National Bank was called to Roff to assist in the bank there on account of the illness of so many of the clerks.

Ada Playhouse.
The programs at both the Liberty and American theaters are the same as yesterday. "Virtuous Sinners" at the American is a great picture and worth the money. Al Jennings, the Oklahoma Ex-Bandit, at the Liberty, is one that no student of history should fail to see. This is the last chance to see Al in Ada.

Mr. and Mrs. Z. E. Heath of Pittsburgh were visiting friends and shopping in the city yesterday.

DADDY'S EVENING FAIRY TALE

by Mary Graham Bonner

PIG'S PALACE.

"Daddy," said Percy, "you haven't told us what our friends, the pigs, have been saying lately."

"Yes, Daddy," said Nick, "tell us about our dear old Porky and all the rest of them and if they've been telling you any secrets."

"Well," said Daddy, "they haven't been telling me any secrets, but I overheard them having a meeting the other night. It wasn't quite bedtime and they were talking and grunting and squealing."

"I say," commenced Pinky Pig, "what is this about children having stories told to them and having stories they can read? What is this I say?"

"You don't mean you say it," corrected Mrs. Pink Pig. "You mean you ask it."

"It makes no difference how I put it," said Pinky Pig, "but I would like to know why children are spelt in this fashion."

"Do you call it spelling?" asked Grandfather Porky. "Way your old granddaddy would be glad to tell you stories."

"That isn't what I want," squealed Pinky Pig.

"It's not what he wants," said Sir Percival Pork.

"It's not what he wants," said Sir Benjamin Bacon.

"I don't blame him for not wanting it," said Sammy Sausage.

"Neither do I," said Mrs. Pink Pig. "I understand why he doesn't want it," said Master Pink Pig. "He doesn't want story telling."

"But you could not read them if you saw them written down in a book," said Grandfather Porky. "Besides it would be safer to have your old grand-

"An Extra Meal."

father tell them to you. In the books they mightn't say as much as they should about an old pig, a nice old pig, just like myself and with my own name—in fact myself, Porky Pig—they mightn't say as much," he repeated. "about Porky Pig, myself, getting everything that is good to eat and getting more than anyone else because of his age and charm and because he is a good pig."

"Your charm?" squealed all the pigs.

"Oh, it isn't only for my charm," grunted Porky Pig, "but that sounded well I thought."

"Sounded well, but it made no sense," squealed the other pigs rudely.

"Well, it makes sense when I say that all the food should be given to me and when I am through eating it should be saved for my next meal."

"We don't consider it makes sense," shrieked all the other pigs.

"No indeed," said Pinky.

"What do you want, Pinky?" asked his mother. "You are rather strange today, with this talk of yours about children being spelt by stories and all of that."

"This is what I mean," said Pinky. "Now I think it is all very nice for children to have their stories, but if children are to be told stories and given stories to read, then pigs, splendid pigs, dear little pigs, sweet, squealing little pigs should be given—"

"Wait," said Pinky. "It was my idea first. Now that you all know what I am going to say you all want to say the very same thing."

"Instead of telling me a fairy story before I go to bed or giving me one to read, or instead of telling me a story of animals I'm not in the least interested in, or about children who don't leave half enough food for pigs, I suggest that I be given a meal, an extra meal instead."

"No one will have to think of what sort of a story to tell me. No one need think at all. Just give me a little evening meal, a little extra evening meal, at bedtime instead of a story."

"It might be all right," said Grandfather Porky, "but you are among pigs, Pinky, and your request is an impossible one to grant."

"Alas," said Pinky sadly, "I should be the only pig in the Pigs' Palace!"

Ventriloquist Was Ready.

"Ladies and gentlemen," said the ventriloquist, "I will now sing that popular song, 'Good-bye, in a lady's voice,' which will appear to proceed from the space above your heads."

One, two, three minutes elapsed, and not a sound was heard. The ventriloquist seemed very agitated. At last he called out, "Are you ready?"

A small voice from the room above answered, "It's no good, father; I've lost the address and broke the record!"

YE TOWN GOSSIP

SHE TOLD me.

BEFORE I left home.

TO BRING back.

A SPOOL of red thread.

AND I told her I would.

AND SHE said.

THAT SHE'D bet.

ANYTHING in the world.

THAT I'D forget it.

AND I hooted at the idea.

AND LEFT the house.

AND CAME to the office.

AND STARTED to loaf.

THROUGH THE forenoon.

AS USUAL.

AND AT about eleven o'clock.

IT SUDDENLY dawned on me.

THAT SHE had told me.

TO BRING home something.

AND I'D forgotten what it was.

AND I think and think.

(YES, I know it.)

BUT I couldn't imagine.

WHAT IT was and I knew.

THAT SHE would say me.

IF I had to call her up.

AND I went to the phone.

AND SHE answered it.

AND I told her.

I'D BE home on time.

FOR LUNCH and she said.

THAT WOULD be nice.

AND I told her that I was

awfully busy.

AND THAT the office was cold.

AND THAT she had a letter.

AND I would bring it up.

AT NOON time.

AND THAT I had bought.

A NEW suit.

AND THAT I'd seen.

SOME GOOD bargains.

IN THE show windows.

AND I told her.

A LOT of other things.

AND FINALLY she said.

"DID YOU get."

"THAT SPOOL of thread?"

AND I spoke up and said.

"OF COURSE I did."

AND HUNG up the receiver.

AND WENT out and bought it.

AND I'll leave it to you.

AIN'T THAT just like a woman?

I THANK you.

PONTOTOC COUNTY SCHOOL ACTIVITIES

Maxwell school opened December 29th with a fair attendance. It is the desire of the teachers that they have a full attendance by the last of the month, as the cotton crop will practically be gathered by then.

Quite a change has been made in the appearance of the school building. New windows and window curtains have been added. Also steps for the front door. Since the Odd Fellows have turned over the hall to the school for a class room, they now have a room that can be used for a general work shop, assembly room, community meetings, or for church.

Mr. Overturf, principal of the school, has the work well in hand and is creating quite a school spirit in the community and the prospects for a successful term is gratifying to the teachers and patrons.

Miss Nannie Barnes of Happy Land was in the office Saturday and reports that the board of her school is co-operating in every way possible. For the new year they have placed a teacher's desk, chair and pencil sharpener, which were appreciated very much by the teachers and pupils.

Mr. J. R. Waldbly of Colbert for the past month has been practicing the lessons learned at the Vitalized Agriculture course given by the International Harvester Company, at Chickasha last fall, by installing gas and water systems in the school building, also repairing the building and book cases. This demonstrates that the many practical lessons can be taught to the rural pupils that will be of real value to them in their life work.

The community meeting between Lanham and Center on consolidation was well attended by the citizens of both communities. A well prepared program was given by the pupils of Center, directed by Mr. H. A. Bowers, principal of the school, illustrating the use of the Victrola and vitalized agriculture in the schools. This was followed by an address by County Superintendent Floyd on consolidation. The prospects of uniting Center, Lanham, Parish Chapel and Pickett are very encouraging.

Under the direction of the Jackson poultry law, poultry shows will be held this week at the following school houses: Steedman, Brook Haven, Hall's Hill, Parish Chapel, Vanoss, Oakman, Francis and Lanham.

A meeting was held Friday night

by the citizens of Oakman to discuss plans for the erection of a new school building. Much interest was manifested by all present and another meeting has been called for Wednesday night, January 7.

The Roff high school will meet Marietta high school at Marietta on the 23rd of January in debate. The subject: Resolved that Universal Military Training should be adopted in the United States. The Roff team will be in the affirmative.

Under the direction of Miss Spriggs a home economics club has been organized.

Stonewall school has opened with a much larger attendance than before the holidays. This increase is much pleasing to the faculty and shows what interest is being taken in the school by the citizens as well as the teachers.

Supt. Scroggs and co-workers are very enthusiastic over the work that was accomplished during the fall term and the prospects for better work during the winter and spring terms is very encouraging.

Lawton Justice Dismisses Case Against McKinley

The criminal charge against Jno. P. McKinley of pointing a gun at Charles Coon of the artillery at Ft. Sill and compelling Coon to sign a deed to his land in this county was dismissed by Justice M. T. Perkins at Lawton after an extended preliminary examination. McKinley was represented by Wimbish & Duncan of Ada, and B. M. Farmer of Lawton. Judge J. F. McKeel of Ada and several Lawton attorneys assisted the county attorney.

The charge against McKinley was filed about December 17. He had gone to Lawton to see Coon, who is in the artillery at Ft. Sill, and try to buy Coon's land in this county. The price agreed on was \$1500.00 and the deed was drawn up, signed, and later acknowledged by a notary in Lawton. It was then that Coon had McKinley arrested on a charge of forcing him to sign the deed at the point of a pistol.

The preliminary examination lasted more than a day, the state making a determined effort to convince the court that the case against McKinley was sufficiently strong to warrant holding him for action of

the district court. After hearing the testimony, however, the court decided that the charge against the defendant was groundless and ordered his discharge.

A. D. Coon of Ada, father of Charles Coon, attended the hearing at Lawton and after a careful investigation of the matter became convinced that the charge against Mr. McKinley was unwarranted. In justice to McKinley he asked that the following statement of Charles Coon be published:

I, Charles Coon, realizing that in former statements and in testimony that I this day gave in the Justice Court of the City of Lawton before Hon. M. T. Perkins, I have done Jno. P. McKinley a great injustice, and wishing to right the wrong I have done him, hereby declare that the statements I made about his forcing a deed on December 17, 1919, by pointing a pistol at me is not true. I signed said deed in the First National Bank at Lawton as stated by Mr. McKinley. He used no force nor threats toward me whatever. He paid me the sum of \$25.00

It Pays The Farmer To Advertise In The News

How may the producer and consumer be brought closer together? This question has received a great deal of attention since the high cost of living became the problem of the day. When I was in the newspaper business I often suggested that a most excellent means of accomplishing this was for the producer to advertise his products in the columns of the local paper. Since becoming a producer myself, I have fully demonstrated the correctness of my opinion through the Evening News.

Four months ago when my wife and I took up our abode on Hoot Owl Ranch we began to advertise our products, when we had anything we could not dispose of readily, or when we had a surplus of any particular product. Never once have we failed to get good returns on the few cents each little ad cost. That, too, in the face of the fact that we had no phone. After installing a phone and we could be reached easily, sales were still better. It is evident that every line in the Evening News is read and that consumers are eager to buy produce fresh from the producer and all the more readily when they know who the producer is. Yes, advertising pays good dividends and can be used to the best possible advantage in bringing producer and consumer together.
